The **Code of Ethics** aims to provide the Group with a solid platform of values as a necessary condition to guarantee constructive dialogue with all stakeholders, and reaffirms the safeguard of ethical principles and legality as an essential asset for doing business.

The **Risk and Sustainability Committee**, made up of non-executive and mostly independent directors, performs advisory and propositive functions in defining the nature and level of risk deemed compatible with the strategic objectives; it also assists the Board of Directors in the field of Sustainability, defined as a set of principles that underpin the creation of value for all the Company's stakeholders.

Cancellation of a portion of treasury shares

- On 6th March 2019, Italmobiliare Board of Directors decided to ask shareholders to approve the cancellation of a portion of the treasury shares currently held by the Company. Since no alternative value-added opportunities have emerged for the use of the 5,685,870 treasury shares, resulting in part from the voluntary public tender offer executed in mid-2017, the Directors will propose the cancellation of 5,133,800 shares, with no reduction of the share capital
- At an extraordinary session, the shareholders will be asked to deliberate the proposal for the cancellation of 5,133,800 treasury shares
- Currently treasury shares represent 11.9% of the share capital; after the cancellation will represent 1.3% of the share capital
