

PROFILE

AGN Energia based in Genoa operates mainly in Italy in the distribution of LPG gas for domestic, commercial, and industrial uses

In addition, the group has gradually diversified its business, exploiting a loyal customer base for cross selling other products (electricity and natural gas) and services (consultancy for efficiency)

With the support of Italmobiliare, Autogas Nord in November 2018 has acquired Lampogas Group, another leading Italian operator active in the sale of LPG, almost doubling its size and becoming the second player in the Italian market under the name AGN Energia

The sector in Italy is stable and highly fragmented, with further opportunities of consolidation

Note: 2021 data

TRANSACTION STRUCTURE

Autogas Nord financed the acquisition of Lampogas partly through a €60m capital increase subscribed by Italmobiliare and partly through bank financing
